- Thursday - 9am to 5pm
- Friday - 9am to 5pm
- Saturday - 9am to 1pm
- Sunday – Closed

## ***2. Download eBooks on Android tablets or iPads.***

## ***3. Listen to your child read their school reading book and discuss their reading with them.***

Things to do before reading:

- Look at the pictures and information on the cover. Do they know anything about this author? Have they read any other books by this author? Look up the author on the Internet.
- Use the front cover and blurb to predict what will happen in the story.
- If it's a story set in a particular time period, look up information about that period on the internet; this will really help your child understand the story.
- Look inside the front cover to see if the book suggests any pre-reading things to discuss.

## ***4. Support your child with decoding unfamiliar words using a range of strategies. E.g:***

- Use the picture
- Split the word up (e.g. into syllables)
- Look at the word before or after it
- Use phonic knowledge
- Ask an adult

## ***5. Paired reading.*** Share a book from the 100 books to read by the end of KS1 list.

6. ***Read to your child, ideally a high level text***

When you are reading to your child, you can talk about words or ideas in the text that your child might not have come across before. Children are often interested in new words and what they mean – encourage them to ask about the meaning.

7. ***Go online together and read and talk about a web page that interests them.***

7. ***Listen to audio books together e.g. have them on in the car.***

8. ***Make reading fun by reading adventure stories under the duvet by torchlight. Try reading the book in a funny accent or breaking up the character parts so you take it in turns to read.***

9. ***Have a discussion session on the child's reading book, using the content domain questions (on their bookmark).***

## 10. Encourage your child to read age appropriate books
