

# Your School Governors

The Governing Body has three core functions:

- Ensuring the clarity of vision, ethos and strategic direction.
  - Holding the headteacher to account for the performance of the school's staff and pupils.
  - Overseeing the financial performance of the school and making sure its money is well spent.
- As well as working as a collective group, governors also take on individual responsibility for particular areas. Every year, governors review the school's performance and help the leadership team to set the strategic priorities, which for 2019 – 2020 are:

\*In RE, children are able to demonstrate a sound understanding of the key features of main religions, showing progression through the key stages.

\*Standards in all subjects are raised and maintained through effective leadership.

\*The marking and feedback policy is to be implemented consistently and effectively across school in all subjects.
